Non-Profit Organisation Purpose: The Guernsey Investment Fund Association (GIFA) was established in 1989 as a trade association to represent the Island's funds industry and, following the merger with Guernsey Investment Management and Stockbrokers Association in January 2019, now represents the wider investment community. Our membership spans the whole spectrum of the Island's investment community, including fund managers, administrators, custodians, stockbrokers, non-executive directors as well as professional firms such as lawyers and accountants who are closely involved in the work of the investment business industry. GIFA's principal objective is to protect and enhance the collective interests of its members. This means working closely with the Island's government and regulators to ensure that fund and investment businesses are able to develop and introduce new products and services to meet the increasingly sophisticated needs of the international investor. It also means striving to maintain the Island's reputation as a safe and well-regulated offshore centre with a strong commitment to investor protection.
