Charity Purpose: Action for Children is all about keeping children and young people safe, we want to be there for those who need us most, for some that might just be for a fairly short period of time when they are in crisis, and for others it might be for a much longer period of time because they don't have enough people in their lives who can provide the support they need. Our key priorities are:
To support young people to ensure they have a safe place to call home.
Provide opportunities for personal and professional development to enable young people to fulfil their potential and become active members of their community.
To engage those young people who are most at risk of substance misuse through innovative ways of working to empower and motivate them to achieve a positive future. Services delivered in Guernsey are primarily aimed at 16-25 year olds and include: -Accommodation advice and support -Family mediation -7 training flats with wrap around support where young people live and practice independence skills - emergency accommodation support - drug, alcohol and tobacco education in primary and secondary schools -Drug and alcohol advice, support and harm reduction -Employability advice, support and upskilling -Young parent's programme
