**Charity Purpose:** Dizzy Donkey aim to help make children's stays in hospital less stressful and an enjoyable time. We do this by working alongside the ward and providing gifts, arts and craft, bedding, furniture etc  
We are now also helping fund the Giggle doctors in Guernsey. The Giggle Doctors are professional performers who are highly trained to work in hospitals and hospice environments, and with children with disabilities. The Giggle Doctor Programme improves children's experiences in hospital and helps reduce the stress and anxiety children feel in hospital.
