**Charity Purpose:**

1. To provide a community-based drop-in service for people with mental health problems, whether or not they are Mental Health Service users.
2. To help remove the stigma associated with mental health problems by providing a non-professional contact point for people not using the Mental Health Service; to offer them advice on 'first steps' to obtain help and accompany them if required. This service will be provided by Mental Health Service users who have had the appropriate counselling training, with back-up from Health and Social Security Department staff.
3. To organise and fund or subsidise outings to provide increased social inclusion for Mental Health Service users. To organise and fund or subsidise outing to provide increased social inclusion for people with mental health problems.
